Selected participants who complete the full 16-hour training will receive $200 for their participation in the training.

What is the peer2peer outreach & organizing project?
P2P is a new project initiated by San Francisco Women Against Rape to provide peer-based outreach to marginally housed, homeless or recently homeless women living in San Francisco.

We seek to provide information, resources, and referrals to women on sexual violence prevention and services. It is an opportunity to gain valuable leadership skills, participate in outreach activities, and attend a paid training on topics related to sexual violence, including self-defense, anti-oppression, de-escalation skills and more.
